PROFILE

I'm a recent graduate with hands-on experience gained during my time at Hippo Video. I'm enthusiastic and eager to take my skills in JavaScript, React.js, Python, and Django to the next level in Full Stack Development. While I may be a fresher, my experience at Hippo Video has provided me with a valuable head start. I'm excited to contribute my expertise and continue learning with your team. Let's embark on this exciting journey together!

PERSONAL PROJECTS

ProductivityMaster-Chrome Extension

ProductivityMaster is a powerful extension that helps you to manage your tasks, stay organized, and maintain healthy web browsing habits. With a focus on boosting your efficiency, it combines three essential features in a single, user-friendly package:

- Task Management: Create, edit, and delete tasks effortlessly. ProductivityMaster Plus simplifies your daily to-do lists, helping you prioritize and track your progress with ease.
- Tab Limiter: Say goodbye to tab overload. Our tab limiter feature allows you to set restrictions on the number of tabs you can have open at any given time. This ensures a clutter-free workspace and minimizes distractions.
- Website Usage Timer: Maintain a healthy work-life balance by setting time limits for specific websites. Whether it's social media, news, or entertainment, ProductivityMaster Plus helps you manage your online time effectively, boosting your focus and productivity.
